Address: Cairo, Egypt

Professional Summary

Highly skilled and detail-oriented Frontend Developer with experience in building dynamic, responsive web applications. Proficient in React.js, Next.js, Taliwind css, developing modular, reusable components and integrating RESTful APIs to deliver seamless user experiences. Adept at collaborating with cross-functional teams, including designers and backend developers, to ensure technical feasibility and successful project delivery. Seeking a challenging role where I can collaborate with cross-functional teams and continuously grow as a developer while delivering innovative and impactful products.

Education

Bachelor's Degree in Computer Science

Faculty of Computer and Artificial Intelligence | Benha University | 2023

Experience

React Developer

Aly.ma | Nov 2023 - Present

- Design and implement dynamic and responsive user interfaces using React.js, ensuring cross-browser compatibility and mobile responsiveness.
- Build reusable, modular components following React best practices, contributing to scalable and maintainable codebases.
- Manage application state using React hooks, React Native, Context API, and third-party libraries like Redux to ensure consistent UI behavior across various components.
- Integrate RESTful APIs with React components, ensuring seamless data fetching, error handling, and optimal performance through techniques like lazy loading and caching.

Fullstack Developer

Creative Minds | Aug 2023 - Nov 2023

- Contributed to the development of a web application utilizing ReactJS and NodeJS, collaborating closely with the development team to ensure smooth progress.
- Worked alongside senior developers to implement additional features and improvements, enhancing the overall functionality and user experience of the application.
- Engaged in code review processes and debugging sessions to help identify and resolve technical issues efficiently.
- Played an active role in writing and maintaining clean, optimized code by adhering to industry best practices and coding guidelines.
- Used Git and GitHub for version control, ensuring proper code management and facilitating smooth collaboration across the team.

Skills

- HTML, CSS
- SCSS, JavaScript
- Typescript
- React.js, Next.js, React Native
- Tailwind css
- Bootstrap, jQuery
- Frontend Development
- Responsive User interface
- Application Performance
- Application Testing
- Implementing User interface

- Search engine optimization
- Troubleshooting
- Graphql
- Rest api
- Apollo client
- Docker
- Git
- Material UI
- Redux and Redux toolkit
- Team Collaboration
- Communication
